Legal & Submission

- ☐ **Privacy Policy ***: I agree to the processing of my personal data for recruitment purposes in accordance with international data protection regulations (GDPR and similar).
- **Button:** [SEND APPLICATION]

Technical Notes for the Web Designer

- **Visual Layout:** Use a **2-column grid** for personal info and links (similar to the reference image) to keep the form compact. Use **1-column** for the Department checkboxes and the Message area.
- **Validation:** Fields marked with * must be mandatory. Prevent submission if the "Expected Rate" does not include a currency mention or symbol.
- **Data Security:** Ensure the site uses **secure protocols (HTTPS)** for data transfer and includes a clear link to the Studio's Privacy Policy.
- **Department Logic:** Allow "Multiple Selection" for checkboxes. If "Other" is checked, the text input should become active/mandatory.
